DAILY SENTINEL. BY TELEGRAPH.

*Reported for the Daily Sentinel,
BY THE O'LEARY LINE.*

ARRIVAL OF THE

HERMANN,
New York, June 7.

The *Hermann* has arrived with three days' news—and 150 passengers. She has made a remarkable run.

Market firm—flour of good quality sold freely at no advance. Money continued quiet.

English bonds firm. The trade in the manufacturing districts is satisfactory. The extensive firm of Sinclair & Boyd, at Belfast, had failed—losses \$1,000,000.

The Colonial markets were firm for coffee and sugar.

The *Hermann* sailed from Bremen on the 31st, and Southampton at 1 P.M. on the 25th, making the passage in about 11½ days.

Among the passengers is Mad. Altoni, the eminent Italian singer. Kessuth's mother and family were at London, to leave soon for America.

The Niagara arrived on the 24th.

PORTLAND.—The Government was contemplating a revision of the tariff of import duties.

ITALY.—A new cabinet was about being formed, with the Marquis Dugizzi as President.

AUSTRALIA.—For the new Australian loan, £2,500,000 was to be issued in London to the Rothchilds. The loan is to bear 5 per cent interest.

The subscription price is 90, payable in 6 months.

ENGLAND.—Lord Russell has issued an address to the electors of the city of London. He will again be a candidate as a representative of the monopolists at the election. The liberal candidate for Wиндor has been returned by a few majority.

The Crystal Palace project was exciting the greatest interest. The House of Commons was engaged in discussing the question disengaging the annual government grant. The ministers refused to recommend the disengagement, and the debate has been postponed at their instance.

The West India steamship Coromina, arrived at Southampton with \$1,250,000 a freight, part of which was from California. A firm with a capital of \$350,000 has been started in London, to establish a line of steamers between the Thames and New York, touching at Cork for passengers.

FRANCE.—The accounts from Paris are principally occupied with speculations on the coalition formed against Louis Napoleon by the northern powers during his visit of the Emperor of Russia to Vienna and Paris.

At Paris on the 25th of May, the Council of State, Louis Napoleon presiding, approved the bill on the public institution, and ordered it to be sent to the Legislative Board. It appears that the Powers would not object to Louis Napoleon being an elective Emperor of France, but that any attempt to found or perpetuate an imperial dynasty on the part of the Preident would be resisted by Russia, Austria, and Prussia.

Mr. Hackeron's mission from Napoleon to Russia and Austria has found a capital failure, as he could not obtain an audience from either of the sovereigns.

In the event of Louis Napoleon becoming an actual emperor, he would be called on to respect existing treaties and to give assurance that France would keep within her present limits, and explain the nature of the special doctrines of the government.

The sale of Marshal Soult's pictures has been concluded, and the total price was 1,477,130 francs.

Great Fire in Montreal.

Loss \$10,000,000.

Montreal, June 7th.

The fire commenced at about 6 o'clock A.M. corner of St. Peter's and Lamontagne st., consuming two children.

From this it spread to the old St. Andrews church, the dwelling house of Mabon and other buildings which were consumed; then crossing the street communicated to the store of Bryant & Brothers, then to the custom house, which soon shared the same fate.

The high wind prevailing carried the flames to Park's, and communicating with a stone building occupied by the customs, consuming that together with the store of Seymour & Whitney; also some out-buildings in the rear of Fontham & Co. The fire next extended between both sides of the street as far as St. Joseph St. Joseph St., where it was subdued. Several houses facing the steamer wharf were burned.

New York, June 7th.

Porcelain—Machinery—We have only time this morning to call attention to the proceedings of the Railroad meeting at Union Hall, which will be found in another column, and the call for the meeting on Sunday evening.

The committee of the railroad, and the members of the public, who are interested in the welfare of our country, and a compliance with them is certainly within the power of our citizens. We earnestly hope that a projected beneficial meeting to be held on Sunday evening will be successful, and that it will not be suffered to fail for want of prompt and vigorous effort.

That it will be successfully prosecuted we have no doubt, but it must be done by a large number of persons.

DEPOT,

This Superintendent placed his firm and business trust, in the hands of the whole world, in the great Exhibition in London, for which an important award was given.

The American Fair held last at Castle Garden, also awarded to him a gold medal, and the highest premium for his safe invented in competition with others for the first time.

Nathaniel attempted to be placed upon several persons who had their safe exhibited, but he was not successful.

He was then advised by his friends, to have his safe exhibited with the upholsterers, who had their safe exhibited with many others, and he did so.
